Player Placement information Every year in May and early June soccer clubs conduct their annual tryouts to place players on a team based on each individuals level of play. The purpose of the tryouts is to attempt to ensure that every single player is placed in an environment that will see them best develop as a soccer player. It is the goal of the Virginia Rush that all the players receive notification in a timely manner and are placed appropriately. The player placement process takes time and player notification will not talke place until the Staff is completely satisfied with the results. All current Rush players will be notified by email and introductory phone calls will be made by the coach after the team has been formed. New players to the club will be notified by email or a phone call from the Director of Coaching. If a player is unable to attend the tryout process please contact Vyburt Silcott 757.430.3500 so that other arrangements for evaluation can be made. ***All Tryouts for the Virginia Rush are free to participants;*** just show up and show us what you can do.
The Rush does not hold tryouts for players that are currently in the Virginia Rush Competitive system. Players will be observed throughout the year and consequently placed more accurately within the Virginia Rush system. Evaluations will be based upon level of play (technical, tactical), attendance, attitude, team chemistry, and consistency. All currently registered Competitive Virginia Rush Girls and Boys U10 through U18 will be evaluated by their age group coaches and Directors of Coaching, who will then hold a pre-tryout Player Placement block period meeting in May. Block period meetings are also held with the potential for player movement following the Fall season, December through January. The Head Coach will select his/her team with assistance from the Rush Directors of Coaching.
During the year/season a player may be asked to transfer, or may request a transfer to another Rush team. The Virginia Rush will transfer a player only in certain circumstances such as injuries, player/coach conflicts, consideration to the implications of the entire age group, ability level, etc. For more information please contact the appropriate Director of Coaching.
