

The Virginia Rush Soccer Club prides itself on the ability to provide continuing coaching education to our coaches on all levels, Recreational, Advanced, and Competitive. Coaching education raises the level of soccer knowledge of our coaches, which directly impacts the level of our players. Licensed educated coaches are a crucial element in player retention in this sport.

Along with the club's philosophy of continuous education of our coaches and ensuring the Advanced Program constantly improves on the coaching side we are requiring our Advanced Coaches to have a minimum of an USSF E License beginning fall 2013.

We are excited to be able to provide our coaches the chance to become better coaches and continue to elevate our program to be the best in the area. Click the link below for the club's coaching education page.
